

THESSALONIKI

Thessaloniki, the capital of Macedonia, land of Philip and Alexander the Great, offers all the attractions and facilities of a modern coastal city whilst preserving its glorious and illustrious past. Numerous major international and local exhibitions and conventions are held annually at the Helleppo Exhibition Center situated within the city. Along with the Byzantine museum and art galleries, the archaeological museum houses the golden finds from the royal tombs at Vergina, where the excavation site has become an impressive new museum. A choice of resort conference hotels is found on the Chalkidiki peninsula which is shaped like Poseidon's trident. The peninsulas of Cassandra, Sithonia and Mount Athos meet the sparkling Aegean Sea to the South. The area has unique characteristics ranging from long sandy beaches, remote monasteries clinging to the side of towering mountains, historic sites, superb scenery, vineyards, wild flowers and scented pine forests. Thessaloniki and Chalkidiki offer all types of popular leisure activities including golf, yachting marinas, water sports and horse riding or visitors may choose individuals or group excursions. As the sun sets, delegates may visit the casino, musical shows and concerts; enjoy a variety of restaurants, local tavernas and bars where they may taste the famous local wine.

1. Thessaloniki Sightseeing

First we will proceed to show you the White Tower - the symbol of the city - followed by a visit to the Archaeological Museum. Afterwards we will pass by the Fairgrounds and drive through the university area, the Citadel and the city walls from where a marvellous view of Thessaloniki can be seen. We will then visit St. Dimitrios' Byzantine church, as well as the Galerius Arch and the Rotunda Monument.

2. Petralona Cave

We visit the famous Cave of Petralona where the bones of various ancient animals have been found, which are aged about 500.000 years as well as the well-known Archanthropos- Skull which is about 200.000 years old. You can also see the impressive stalactites and stalagmites as well as the traces of the first fire lit by man. You will also have the chance to see the evaluation of the prehistoric human life, e.g. the tools that were used every day.

3. Olympus, Home of Gods

We drive west to Dion, an ancient site where the twelve mythical Gods were worshipped. After visiting the site we will have time for a brief lunch break. Continuing south, we arrive at the foot of Mount Olympus, to Litohoron Village, where our guided walk will begin. Breathe the fresh mountain air, admire the natural beauty, whilst walking through unspoilt forests to Ainipeas valley. Returning to Litohoron we will have time to relax over a coffee or to explore this picturesque village.

4. Amphipolis - Philippi - Kavala tour

We drive on the new Egnatia road to the famous statue of Amphipolis and afterwards we continue to Kalambaki, where you may take some pictures. Further, you may see the place where Lydia has been baptized as well as the excavations site of ancient Philippi : The Forum Romanum, ruins of the two early Christian Basilicas (the prison where Apostle Paul was held and preached in 50 AD.), as well as the ancient Greek theatre. Later we will arrive at Kavala, where you still have time for lunch, shopping or for a walk in the city. Afterwards, a short tour around the town, where you may see the impressive Roman aqueduct and the port of Kavala.

5. Alexander the Great

We will drive across beautiful Macedonia, which is called the «Garden of Europe ". First we proceed to Vergina, the place of the Royal Tombs, where we visit the King's mausoleum and the famous museum with finds of the Tombs of King Philippos II the father of Alexander the Great. Free time for lunch. We continue to Pella, the ancient capital town of Macedonia and native town of Alexander the Great. 6. Mount Athos tour

The cruise will take you along the western coast of Mount Athos. Sailing you will have the opportunity to view and photograph Europe's most unique Monk's Republic with its impressive Byzantine Monasteries. To this day 1.700 monks still live under strict rule on the Holy Mountain, with no woman ever being allowed to set foot there. The boat will cruise along the western coast to Ouranoupolis for a stop of approximately two hours. In this quaint fishing village, you will have the chance to eat in one of the small taverns, go for a swim, or to shop. Here you will see the Byzantine Tower and perhaps have the opportunity to admire

the traditional method used to make hand woven carpets. Depart Ouranoupolis for the return trip to Ormos Panagias.

7. Meteora tour

A highlight of your stay in Greece will be a visit to the Meteora Monasteries. We will travel along the coast where you shall view Mount Olympus, the mythical residence of the twelve Gods. En route, there will be a 20-minute coffee break in the scenic Valley of Tempi and then on to Kalambaka, traveling through Larissa and Trikala for an optional lunch at the foot of the cliffs. Following lunch, there will be a brief sightseeing tour of Kalambaka. Then on to Meteora, a geological miracle which must actually be seen to be believed. We shall visit two of the fabulous monasteries perched high upon the steep rocks. Each monastery possesses a vast richness of frescoes, icons and intricate carvings.
